

## Warranty for SPD Failure Statement

The inverter integrates Type II SPD in DC side and AC side, if the inverter gets damaged by inductive lighting(not by direct lighting), Huawei will take the responsibility to replace the inverter and investigate.

### Exclusions

This Limited Product Warranty does not cover defects or damage resulting from:

- (i) normal wear and tear or natural aging of the Covered Product;
- (ii) failure by the Customer to install and operate the Covered Product in accordance with the Huawei product specifications
- (iii) the Covered Product being used other than its normal and customary manner;
- (iv) unauthorized disassembly, repair, alteration or modifications
- (v) misuse, abuse, intentional damage, negligence or accidental damage;
- (vi) improper testing, operation, maintenance, or installation including without limitation:
  - (a) failure to meet the system requirements provided in writing for a safe operating environment or external electric parameters;
  - (b) failure to operate the Covered Products in compliance with the operation manual and/or user guides of the Covered Products.
  - (c) relocation and installation of the system other than in compliance with Huawei's requirements;
- (vii) damage due to use of incorrect voltage
- (viii) directly caused by problems in system infrastructure;
- (ix) improper storage, shipping, handling or usage of the Covered Products; and
- (x) force majeure events (including but not limited to act of God, act of public enemy, acts of governmental bodies or agencies foreign or domestic, sabotage, riot, fire, floods, typhoons, explosions or other catastrophes, epidemics or quarantine restrictions, labour unrest, or labour shortages, accident, freight embargoes, or any other event beyond the control of Huawei) for the period of time occasioned by any such occurrence.

Note: It is forbidden to open the inverter and check the components inside, only Huawei qualified engineer or technician can open it and check on site.
